How to Build Self-Confidence - Stress Management from Mind ...

Lesson Information The teacher begins to plan each lesson by considering the students' characteristics as well as the learning context. This consideration entails a deep understanding of what he or she is to teach (content standards, standards-based curriculum, and guidelines), what students should be able to do, and what performance will look like when instruction has been completed.

Success

Low self-esteem or lack of confidence leaves students doubting their ability to succeed, making them hesitant to engage in learning or take appropriate academic growth risks. Self-esteem is often built and buttressed through estimable acts and achievements—even small ones.
