Find A Person - Indiana

To find a person's grave, check online or in the cemetery entrance for a map of the graves. Failing that, locate the sexton, who might be able to help you find the grave. If neither of those work, start in one corner and read the gravestones in a pattern to make the most of your time. To find the grave of an ancestor, try checking genealogy ...

How to Find a Person's Grave: 11 Steps (with Pictures) - wikiHow

Check the online while pages or your local phone book to find the person's listing. Search their phone number in an online search engine. Is the person listed as living in the same house as someone who shares his last name, is of the opposite gender, and is clearly not a child or a parent? If so, then this may be a sign that the person is married.

How to Find Out if a Person Is Married (with Pictures) - wikiHow

Just paste the email address of the person into the search box and Facebook will instantly tell you if a profile exists with that email address or not. If you are able to locate that person on Facebook, download the profile picture and then upload it to Google Images (click the camera icon in the search box).
