Many of the features have been introduced at specific requests from some of you. Others are still at preparatory stage and will be implemented soon.

Music First Sixth Edition Answer

We're using this book in an entry level music theory type of course. It's a good book, it covers the topics well, has lots of examples, is laid out well to be a good reference later, and has lots of very helpful exercises. In short, it's a very good book for learning how to read and write music, and some basics about theory.
