1.5. Consensus View and Decriminalizing Laws Shanell Sanchez. Another view of how laws become created is the consensus view, which as it states, implies consensus (agreement) among citizens on what should and should not be illegal. This idea implies that all groups come together, regardless of social class, race, age, gender, and more, to determine what should be illegal.

Criminal Justice - ResearchGate

The idea of compensating reproductive labor was present in the writing of socialists such as Charlotte Perkins Gilman (1898) who argued that women's oppression stemmed from being forced into the private sphere. Gilman argued that conditions for women would improve when their work was located, recognized, and valued in the public sphere.
