Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars).

Free Volkswagen Repair Service Manuals

I know of very few car companies who provide free service manuals. Why would they give away something they could sell. I have had to buy service manuals for every car I have owned (VW, Honda, Acura, etc.). If you can find a free service manual, it is probably an illegal copy. Service manuals are almost always copyrighted material.
